

# Mobile App

## NOW, YOU CAN:

- Take advantage of all of your benefits in one place -- medical, dental, vision, tele-health (one click to Teladoc), concierge services, and digital ID cards.
- Get real-time updates on progress made towards meeting your deductible and out-of-pocket maximums. Please realize because this is a new health plan, there will be no information here until you need and use medical services.
- Pay any medical bills electronically with just one click (later in Q1 2020).
- Search for doctors
- See important messages from Homestead or The Institute for Family Health.
- ...and more! Start maximizing your health benefits today.

## STEP 1:

Download the app by searching for "Medxoom" and installing on your mobile phone as directed.

## STEP 2:

Open the app and register entering your social security number and date of birth. (Don't worry: Your information will be kept private and secure.) Once you are registered, your app screen will be Homestead branded, but still say Medxoom on your phone.

## STEP 3:

Review your profile information by clicking your name in the upper right hand corner. Invite adult dependents to register, too.
